Home Agent's Notes

By Mrs. B. G. Anderson
Home Demonstration Agent

During February the home demonstration club leaders gave demonstrations at each of the 16 clubs on the Uses of Cereals in Cooking —showing many of the great number of extended dishes. So many requests have come for recipes until the supply is exhausted. The latest request was to put them in my column. Here are some of the most popular.

Dogs in Blankets
(Makes 6 servings)

1¼ c. sifted enriched flour
½ c. corn meal (white or yellow)
½ tsp. salt
1 tsp. baking powder
¼ c shortening
½ c. milk
6 frankfurters

Sift together flour, corn meal, salt and baking powder. Cut in shortening until mixture resembles coarse crumbs; add milk and mix just until dry ingredients are dampened. Roll out on lightly floured board to 1-8-inch thickness. Cut into 6 rectangles about 4 x 6 inches. Wrap each frankfurter in pastry dough sealing edges with tines of a fork. Bake in very hot oven (450° F.) 10 to 12 minutes. Serve with barbecue sauce.

Cheese Corn Meal Biscuit Ring
(Makes an 8 inch ring)

3-4 c. corn meal (white or yellow
2 cups sifted enriched flour
5 tsp. baking powder
2 tsp. salt
1-3 cup shortening
3 tbsp. chopped pimiento
1 cup milk
½ cup grated sharp cheese.

Sift together corn meal, flour, baking powder and salt. Cut in shortening until mixture resembles coarse crumbs. Add pimiento. Add milk, mixing lightly only until mixture is dampened. Add a little more milk if necessary to make a soft dough. Turn out on lightly floured board and knead gently a few seconds. Roll out to 3-8 inch thickness; brush with melted butter. Cut with floured cutter (small size). Dip the buttered side of each biscuit in the grated cheese. In a well greased 8-inch ring mold, stand the biscuits on end with flat sides of biscuits together. Sprinkle remaining cheese over the top. Bake in hot oven (400° F.) 20 to 25 minutes. Let stand in ring mold for 2 or 3 minutes. Invert and then turn right side up. Brush with melted butter.

Hush Puppies

1 cup corn meal
1tsp. salt
1 tsp. baking powder
1 egg
3-4 to 1 cup milk
½ grated onion

Mix all together and fry in fat in frying pan or in deep fat kettle until brown. Can make ahead and heat. They may be made in quantity and frozen.

Tuna Supreme
(Makes 4 to 5 servings)

1 1-3 c. (5 oz.) rice
1 1-2 cups water
1-2 tsp. salt
2 tbsp. butter
1 pkge. or can of garden vegetables (mixed)
2 tbsp. butter
Pinch of marjoram
1 can condensed celery soup
1-4 cup milk
1 can (7 1-4 oz.) tuna fish.

Combine rice, water and salt in saucepan. Mix just until all rice is moistened. Bring quickly to a boil over high heat, uncovered, fluffing rice gently once or twice with a fork (do not stir). Cover and remove from heat. Let stand 10 minutes. Add two tbsp. butter to the hot rice, mixing lightly with a fork. Prepare vegetables as directed on package. Add butter and marjoram. Blend celery soup and milk in sauce pan over medium heat. Add coarsely flaked tuna fish; heat. Arrange vegetables in a ring on chop plate or large platter. Place creamed tuna in center of ring. Arrange rice in ring around vegetables.

FARM NEWS

By J. A. Smith, County Agent

Change in Line of Inheritance

What will become of your property if you die without leaving a will? It is likely to be more palatable to your surviving spouse after July 1 than it has ever been before.

House Bill 101, passed by the recent General Assembly, places the surviving wife or husband second only to the children in line to inherit real property in fee simple. Until July 1, the surviving spouse can claim fee simple rights to the property only when the deceased leaves no children, parents, brothers or sisters or their offspring.

On July 1, the new bill becomes effective and what many surviving spouses have considered a sorry state of affairs will be changed.

It's a good idea to write a will, whatever laws of inheritance are on the books. You have the right and an obligation to designate future owner or owners of your property. Research has shown, for instance, that farms of many who died intestate were divided into tracts too small to be operated as economic units.

Bulletin 169 "What Will Become of Your Property?" is available at the county agent's office. A revised edition of the bulletin will be available in July, with the changes conforming to new laws.

Hybrid Corn

The advantage in using hybrid corn over open-pollinated varieties is a 20 per cent increase in production. To go into your corn crib this spring and select seed for planting is a mistake. No hybrid seed can be re-used. To do so would be to lose the hybrid vigor that has been bred into the seed.

When seed are used the second year, you can expect a reduction in corn yield of about 15 per cent and each succeeding year the yield decreases proportionately.

Seed Corn Insects

There are several insects that affect the small corn seedling that can be controlled with insecticides.

Where there has been a problem of getting good stands or finding weak stalks, this may be an indication that insects are at work in the field. They may be controlled by using either Aldrin or Heptachlor in granulated form. Two per cent material applied at the rate of 100 pounds per acre givts good control. This material should be broadcast either ahead of planting or at the time of planting corn. Material should be disced into the soil following the broadcasting.

Pine Seedlings

During the 1955-56 planting season, many farmers did not get their orders for pine seedlings in on tine to secure them. It is therefore suggested that those who might be interested in planting next year, place their order now so that they will be assured of delivery.

Order forms may be secured from the County Agent's office.

NEWS FOR VETERANS

More than 4,300 seriously disabled veterans have received Federal grants totaling more than $41 million for "wheelchair homes," Veterans Administration announced.

As of January 31, 1956, some 6,050 veterans who cannot get about without the aid of wheelchairs, crutches, braces, or the like had established their eligibility fbr these special grants.

Of these, 4,327 already have received grants and either have moved into their homes or are in the process of building them. The remainder have not yet put their pains into effect.

VA defrays 50 per cent of the cost of "wheelchair homes" for eligible veterans up to a maximum of $10,000 under grants which were first authorized in 1948.

The average grant is $9,482.

These "wheerchair homes" incorporate such special features as ramps, instead of steps; doorways wide enough to accomodate a wheelchair; special bathroom features, and exercise rooms equipped to meet the needs of the veterans.

In order to qualify for these special grants, veterans must be entitled to compensation for permanent and total service - connected disability for the loss, or loss of use, of both legs due to certain specified conditions.

NEW BOOK IN THE COUNTY LIBRARY

Lincoln's Sons, by Ruth Painter Randall.

Abraham Lincoln had four sons, and here is their story, told for the first time. They have, of course, been mentioned in previous Lincoln biographies, but the sons have been overshadowed by the towering figure of their father. Now Mrs. Randall has turned the spotlights on them, so that we see Mary and Abraham Lincoln only as reflected in the lives of their children. With insight and humor, Mrs. Randall presents each of the sons, and in the process casts light on rarely seen aspects of their parents: Mrs. Lincoln's boundless affection for his children.

Teen-agers act so silly right after you cease to be one of them. —The Dubuque (Iowa) Telegraph-Herald.

Locust Grove

Locust Grove, April 4.- Easter passed off quietly. Everyone seemed to have a good time.

Mr. and Mrs. Percy Garrette spent Easter in Norfolk with Mrs. Frances Guill and family.

Mr. and Mrs. James Beale and daughter, Karen spent Sunday night and Monday with his parents, Mr. and Mrs. Willie Beale. Other guests for supper were Mr. and Mrs. Douglas Taylor and daughter, Olivia, of Lynchburg; Misses Yvonne Beale, Etta Beale and Mrs. Julia Bell Hamilton.

Mrs. Walker Beale and daughter, Dorothy spent the week-end in Clifton Forge with Mr. and Mrs. Ernest Harris.

Mrs. Blanch Hudson, of Lynchburg visited in the home of Mr. and Mrs. W. T. Childers over the week-end.

Mr. and Mrs. Abbitt Wooldridge visited her sister, Mrs. Leslie Coleman Saturday and Sunday.

Everette Beale, of Lynchburg, spent Friday night with his uncle, and aunt, Mr. and Mrs. Bennie Beale.

Mr. Jim Megginson and son, Ray and David Wilder, of Norfolk, spent several days last week in the home of Willie Beale.

Mrs. Ossie Ferguson is visiting her daughter, Mrs. Wilson Scruggs.

Friends are sorry to hear of Mrs. Lee Thornhill's death and extend sympathy to the family.

Awkward Moments

Here's the story as a London paper tells it!

"Hoskins, the cook, advised me that you were badly intoxicated last night and that you were trying to roll a barrel out of the basement. Can this be true?"

"Yes, my lord."

"And where was I during this time?"

"In the barrel, my lord."

WELL, WELL!

Marietta, Pa.- The meeting of the borough council, called together to discuss stricter enforcement of the borough's curfew ordinance, had to be postponed. The council couldn't find the ordinance.

The Western Big Three foreign ministers will probably meet in Paris or London on the Middle East crisis during the first week in May.

HIGHWAY PROGRAM TO BE SPEEDED

Full-scale highway construction throughout the state will begin after April 1 when winter restrictions are lifted on some 230 road and bridge projects costing approximately $37,000,000.

Not included in the total of regular construction is $40,764,694 in contracts for work on the Hampton Roads bridge-tunnel and the Rappahannock River bridge between Greys Point and White Stone, Financed by revenue bonds as toll facilities, the two projects which will cost about $75,000,000, are expected to be completed during the fall of 1957.

Almost all paving operations and work on some projects where construction follows existing roads, have been halted since last November. Also, a number of projects let to contract during the winter have been held up until the beginning of the construction season this spring.

Major projects on which work will be started on speeded up beginning April 1, include interchange bridges at the Seven Corners intersection of Routes 7 and 50 near Falls Church; widening the intersection of Routes 7 and 244 at Baileys Crossroads near Aelxandria; the US 250 distribution route at Waynesboro; dividing Shore Drive (US 60) between Little Creek and Chesapeake Beach in Princess Anne County; dividing the two-lane portion of Route 168 between Williamsburg and Richmond; extending divided highway construction on US 460 west of Bedford, and redconstructing another section of the same route east of Bedford.

Also, widening US 11 at Wytheville and Marion; paving the relocation of US 60 in Alleghany County west of Clifton Forge; a 2,297-foot bridge over the Pamunkey River at West Point; extending the four-laning of US 58 toward South Boston and dividing US 220 through Boones Mill.

With good weather this spring, engineers said, a number of projects should be completed in time for early summer vacation travel. Among these are the last section in the reconstruction of US 15 between Leesburg and Warrenton; dividing US 340-522 between Front Royal and Double Toll Gate; reconstructing Route 3 between Oak Grove and Office Hall in King George County; four-luning US 58-460 at Suffolk; relocating US 360 at Central Garage and Piscataway Creek between Richmond and Tappahannock and reconstructing the same route west of Amelia and at Green Bay in Prince Edward County.

Other major jobs nearing completion include a $2,000,000 grade separation on US 11 in Roanoke; dividing US 220 at the south city limits of Martinsville; reconstructing US 460 east of Pearisburg; and rebuilding a section of US 60 between Buena Vista and Lexington.

Men don't know how to live together as men, because they have not learned to live together as children. —Childhood Education.

Oakville

Oakville, April 4.- Mrs. E. B. Martin, who is visiting her daughter, Mrs. C. T. Moses Jr., at Appomattox, spent TuesAay with Mr. and Mrs. Melvin Drinkard.

The children and grandchildren of Mr. C. D. Drinkard had picnic dinner with him Sunday. In the afternoon, Mr. and Mrs. Eugene Drinkard, of Lynchburg called in this home. We're glad to know that Mr. C. D. Drinkard is out, after having had flu last week.

Mrs. Bessie Cobbs is a patient at University Hospital in Charlottesville. We wish for her a speedy recovery.

A large crowd attended the annual outing of the Appomattox Circuit on Easter Monday on Rise Creek. Games were played and at lunch time all gathered for a "weinie" roast and then an Egg Hunt. Soon the rain started and all left with hopes of gathering again next year.

Gail and Tommy Drinkard spent Sunday night with Arlene and Clifton Drinkard.

Mrs. Carl Martin and Gaynell and Mrs. Taylor Coleman motored to Charlottesville Saturday to visit Mrs. Besie Cobbs.
